Bill,

Attached is a summary of needed regulatory changes for the Department of Rehabilitation Services (DORS). For now, I will be the contact person. We are in process of hiring a Staff Attorney, so once we have someone on board, I will designate that individual as Officer of Regulatory Affairs.

I am copying Chris Drake, who was very helpful in assisting me as our Department pulled this information together.

Please let me know if you have any questions.

Thank you,  
Amy
